## IMPORTANT NOTICE – RATE CHANGE ALDERLAKE, LOWPER, MARBELLO AND NORTHWEST WATER SYSTEMS

Dear Valued Customer,

The Washington State Utilities and Transportation Commission (UTC) implemented a staggered rate adjustment for the Alderlake, Lowper, Marbello and Northwest customers when they approved the rate change effective April 1, 2017. The staggering was to allow for an ease into a single tariff rate structure. Per the UTC the following metered rate service schedule goes into effect beginning October 1, 2017. Please see Iliad Water Company, LLC tariff WNU-1 by visiting our website at [www.iliadnw.com/water/](http://www.iliadnw.com/water/) or UTC's website at [www.utc.wa.gov](http://www.utc.wa.gov).

What has changed: The monthly Base Rate has decreased for each meter size. The usage rates remain the same. Your **November 9<sup>th</sup>** billing statement will reflect these new rates. Base rate charges and water usage blocks are by the meter size factor. Billing for each block is calculated on a per cubic foot amount based on the usage rate charge of that block. Usage rates are shown per 100 cubic feet.
