METERED SERVICE

The charge for service is not subject to cancellation or reduction for seasonal or temporary periods. The base rate charge will be the monthly minimum bill for this class of service. All metered rate service base rate(s) have zero allowance for the water usage.

Base rate charges and water usage blocks are by the meter size factor. Billing for each block is calculated on a per cubic foot amount based on the usage rate charge of that block. Usage rates are shown per 100 cubic feet (1 CCF = 100 Cubic Ft).
